

SUNSTONE

MINING INDUSTRY TRADE INC.

Istanbul - London

year of 2025

COMPANY INFORMATION
WHO WE ARE ?

Sunstone Mining Industry Trade INC, with its headquarters in Istanbul, representative offices in **London** and business partners in **Greece, Italy, Spain, Portugal and Brazil**, possesses all the required infrastructure including import&export, on-site installation, consultancy, to service its clients all over the world.

Sunstone collaborates with a whole range of quarries for a wide selection of production around the globe to enable effective implementation. Additionally, the company supply the latest technology of porcelain tiles, slabs and specifically designed products. We guarantee **satisfactory supply and application of these materials into all scales of projects without compromising quality and on time delivery** according to your requirements.

Sunstone provides a number of value added services some of which are extended to clients on a complimentary basis. **We help you to select the right type of stone, recommend designs, provide technical expertise and reduce your costs by choosing the right cut and size suited for your project.**

Sunstone undertakes all work pertaining to Flooring, Cladding and Decoration of all your Natural stone requirements. If required, we import the best quality Marbles & Granites from all over the globe wherever more quality and colors are available to offer you a wider choice.

Sunstone delivers port to port site depending on client specifications and will assist throughout the delivery process with a dedicated team of online and on-site service staff.

COMPANY INFORMATION
OUR SERVICES

GLOBAL SUPPLY / IMPORT AND EXPORT

We maintain strong relationships with our business partners located in Italy, Spain, Portugal, Greece, Brazil, United Kingdom and other countries around the world to source the highest quality natural stone at the best quality and prices. We have wide access to various distribution networks including freight forwarders and international trucking transporters for fast delivery that comes to you with exclusive prices. Collaboration with a whole range of international quarries and factories enable us to offer you a wide range of quality, color, finishing and selections as blocks, slabs, and tiles.

CUSTOMIZED PROJECT SERVICE

We are not your ordinary stone supplier. Through an analysis of the project shop drawing and specifications, we are able to prepare 3D modellings, conducts technical calculations and structuring, pattern layouts and cut schemes. Standard and cut-to-size products with customized surface finishings according to project specifications and planned time schedules.

INSTALLATION

We carry out project installations with our own installation team for 21 years. High quality standards in terms of material, design and craftsmanship is our main objective for an effective implementation.

CONSULTANCY

We help you select the right type of stone, surface finishing, sizes and thicknesses to optimize your project processes in terms of quality, time and cost. Collaboration with a whole range of international quarries and factories enable us to offer you a wide range of quality, color, finishing and selections as blocks, slabs, and tiles.

PRODUCT DESIGN AND PRODUCTION

We are also a designer and producer company specialised in marble and natural wood based furniture products within our sub-brand "Marble Studio". You can select from our wide range of materials for your projects. In addition, we are able to manufacture any specific product you design. For further information please see **Marble Studio Catalogue**.

SUNSTONE BASED BRAND
MARBLE STUDIO

BESPOKE NATURAL BASED LICENCED PRODUCT BRAND BY SUNSTONE

Marble Studio is a product and furniture design brand by SUNSTONE MINING, in which natural stone, solid wood, metal and glass is combined to produce craft furniture. Within the design and manufacturing processes, we partner with renowned glass and wood craftsmans and artisans from all over the world, to reach unique design.

We excel in manufacturing **designer products from dining/meeting tables to countertops, bath sinks to decorative products and mosaic panels**. Sunstone Mining has an experience of 20+ years in the natural stone industry, which brings a wide option of marble, granite, travertine, limestone and many more products to best suit your needs.
